

# CPAP SELECTION GUIDE

## RESPIRONICS

### **ComfortFull™ 2 (Full Face)**

The ComfortFull 2 makes it easier for patients who breathe through the mouth while sleeping to comply with therapy and get a good night's rest. This lightweight, durable design delivers more comfort and a better seal.

**Sizes** Small  Medium  Large

### **CPAP Comfort Gel™ (Nasal Mask)**

The ComfortGel Nasal Mask brings a premium level of fit and comfort to the Comfort Series. The changes to the ComfortGel help the mask fit better than ever, and that helps to improve compliance. The ComfortGel is latex free.

**Sizes** Small  Medium  Large

### **CPAP Comfort Select™ (Nasal Mask)**

This mask delivers the kind of secure, personalized fit that most of us demand. Its dual-layer cushion design and StabilitySelector™ help deliver a comfortable fit and guard against mask leaks.

**Sizes** Small  Medium  Small Wide

## RESMED

### **Mirage Quattro™ (Full Face)**

Mirage Quattro's MicroFit dial offers a choice of 24 positions on the forehead support to suit individual facial structures.

**Sizes** X-Small  Small  Medium  Large

### **Mirage Activa LT™ (Nasal Mask)**

If you move a lot when you sleep and experience mask leaks as a result, then try this Compact ActiveCell(tm) technology that automatically seals for quick fitting and accommodates for movement and therapy pressure changes.

**Sizes** Medium  Large  Large Wide

### **Mirage Swift LT™ (Nasal Pillow System)**

With no forehead support and weighing only 2.3 oz (67 g), the Swift LT seals softly and securely to ensure a comfortable night's sleep.

**Sizes** Small  Medium  Large

## FISHER & PAYKEL

### **Flexifit™ 431 (Full Face)**

Incorporating the FlexiFit™ Technology with auto-contouring properties, the FlexiFit™ 431 Full Face Mask comes with an Under-Chin fit and highly contoured Silicone Seal for maximum comfort and stability.

**Sizes** Small  Medium  Large

### **Flexifit™ 407 (Nasal Mask)**

Incorporating FlexiFit™ Technology with auto-contouring properties, this nasal mask comes with a unique Glider™ Strap mechanism for maximum comfort and stability.

**Sizes** One Size Fits Most

### **Opus™ 360 (Nasal Pillow System)**

The Opus™ Nasal Mask is small, quiet and superbly comfortable, offering unprecedented freedom. The slim-line design allows for almost any sleeping position without mask displacement. It's innovative 360-degree pivoting ball-and-socket elbow provides greater versatility.

**Sizes** Small  Medium  Large
